## Hostages May Be Put On Trial

# Shah's Move Brings Threats

By ALEXANDER G. HIGGINS  
Associated Press Writer

TEHRAN, Iran (AP) — The shah's move to Texas brought new threats to put the American hostages on trial as Iranians voted in a referendum to approve Ayatollah Ruhollah Khomeini's new Islamic constitution. Tehran Radio announced the Revolutionary Council has set up a center for national mobilization to carry out Khomeini's orders to create a people's army ready for battle against America.

The government radio also said Iran will ask the Organization of Petroleum Exporting Countries to abandon the dollar as the currency for the international oil trade medium of payment and instead use a "basket" of strong currencies.

Foreign Minister Sadegh Ghotbzadeh said the shah's flight Sunday from a New York hospital to an Air Force base outside San Antonio was part of "a plot against our revolution. If the United States decides to continue the crisis...the trial of the spies here will begin."

"If the shah leaves the United States for another country, we will try the hostages," said a spokesman for the students holding the 50 Americans who on Sunday began their fifth week of captivity in the U.S. Embassy.

Another of the militants said the shah's move from New York to Texas was "another trick taken by the CIA to protect the shah. But everyone in the world knows he cannot be protected against the will of God and the will of the people."

qthe embassy occupiers also said that one of the hostages had confessed to being a CIA spy, and that Charge d'Affaires L. Bruce Laingen and two

senior aides being held separately at the Foreign Ministry were "proved to be" spies and must be kept and guarded carefully.

Laingen and his aides happened to be at the Foreign Ministry when the students occupied the embassy on Nov. 4 and demanded that the U.S. government return Shah Mohammad Reza Pahlavi to Iran for trial. Ghotbzadeh said last week that the three diplomats could leave the country if they could get to the airport safely, but he reversed this after the students at the embassy complained.

The shah arrived in the United States from Mexico Oct. 22. He underwent

treatment for cancer and gall stones in New York and is to recuperate for an indefinite period in Texas.

Egypt has offered the shah asylum, and Egyptian officials said they believed the deposed monarch was likely to remain in the United States for several more weeks.

Khomeini's forces overthrew the shah in February, and in a referendum in the spring more than 90 percent of the electorate approved Khomeini's plan to set up an Islamic republic. Today and Sunday, the voters completed the change from the monarchy by voting on a constitution making Iran a theocratic state with Khomeini as the

nation's leader for life.

Although overwhelming approval was expected in the twoday vote, middle-of-the-road and leftist political parties boycotted the referendum because the 78-year-old Khomeini would become supreme political leader without the electoral approval of the people.

## State Prepared To Act In Energy Crisis

By HERBERT SPARROW  
Associated Press Writer

FRANKFORT, Ky. (AP) — Kentucky state government is prepared to act immediately in the event of an energy emergency, although few details are available on what exactly would be done.

Gov. Julian Carroll has prepared an executive order — ready for his signature on a moment's notice — controlling the purchase of gasoline.

The executive order was prepared in the wake of a meeting President Carter called with governors two weeks ago following his decision to stop oil imports from Iran.

Carroll, who was vacationing in Florida at the time, had the flu and sent Cabinet Secretary Jack Hall as his

representative.

Hall said the order outlines the regulations and procedures that will be followed in the event of an emergency. The state Energy Department is contacting some distributors around the state advising them of how the order would operate, he added.

However, Hall said he doesn't feel it would be advisable at this time to reveal the order's provisions.

Gary Auxier, Carroll's press secretary, said the provisions would be implemented in 10 days to two weeks to allow time for their distribution to retailers, distributors and others in the oil industry and to inform the public.

"We have tried to be low key," Auxier said. "At this time we don't see the need to implement them, but we have set up the process and everything is ready if needed."

The plan was drawn up by the Energy Department and apparently contains much the same procedures that deputy Energy Secretary Damon Harrison outlined at a recent legislative committee meeting.

If similar, the provisions would include controlling the hours of operation by service stations, minimum purchases and distribution patterns.

They also would apparently provide for a conservation publicity campaign but no one will say if there are any mandatory conservation provisions in the executive order.

## Airport Board To Immediately Accept State Loan For T-Hangar

The Murray-Calloway County Airport Board voted to immediately accept a \$50,000 state loan to be used for the new T-hangar project.

Board chairman Hugh L. Oakley said he had received word from state officials last week concerning the funds. Oakley added that, due to the upcoming winter weather, construction of the hangar will begin next spring.

After acceptance of the loan, the board members also approved the bid for T-hangar materials by Ful-Fab Co. of Ohio. The bid, not including construction, was the low bid and the board also okayed to issue a 10 percent downpayment.

The board will have to begin repaying the loan one year after receiving it, Oakley said.

Discussion of purchase of an aluminumized steel roof was postponed until the next meeting.

Airport manager Johnny Parker reported the jet fuel tank has been installed and in working order. However, a fuel sample had to be taken from the tank and sent to state authorities to check on purity of the fuel, Oakley said. The state report is expected sometime this week, he added.

Parker also reported the new mike-o-light system has been checked satisfactorily. He did report that some problems have arisen by pilots overloading the circuits.

The system, that enables pilots to turn on the runway lights by clicking their mikes a certain number of times, was installed early this fall. Parker said three clicks turn the lights on low intensity, five clicks for medium intensity and seven clicks for high intensity.

The board approved a motion to blank out old marks on runway 23 with

runway sealer.

Parker told the board that a few leaks were discovered in the T-hangar and

## Terrorist Gunmen Ambush Navy Bus Near San Juan

SAN JUAN, Puerto Rico (AP) — Terrorist gunmen ambushed a busload of U.S. Navy personnel on their way to work near San Juan this morning, killing two servicemen and wounding eight others, Navy officials reported.

It was the first fatal terror attack against the U.S. military in Puerto Rico, where pro-independence violence has mostly been limited to attacks on property. By mid-morning, two hours after the killings, no one had yet claimed responsibility.

The Navy said names of the dead and wounded were being withheld until next-of-kin could be notified.

The attack occurred at 6:20 a.m. (5:20 EST) as the servicemen were riding to work at a naval communications facility in Toa Baja, 10 miles west of San Juan on Puerto Rico's north coast, in a yellow school bus with Navy markings, said Lt. Steve Chesser, public affairs officer at the Navy's Roosevelt Roads Naval Base.

He said none of those on the Navy bus was armed.

Police said the attackers abandoned their vehicle, a white van, not far from the scene of the attack, and apparently fled on foot. Police forces spread out through the area in search of the fleeing terrorists, a police spokesman said.

general hangar. The board approved the purchase of patching equipment.

Concerning the airport's farming interests, board member Hamp Erwin said he would hold the sale of the soybean crop until next year. Erwin added that future consideration could be given to planting wheat and corn.

Discussion also was given to fencing for Old Collins Road.

## Three Plead Guilty, Are Sentenced In Circuit Court

Three persons pleaded guilty to various charges this morning in Calloway County Circuit Court and were sentenced by Judge James M. Lassiter.

Harold Gray Nance pleaded guilty to attempting to obtain a Schedule IV narcotic, Tenuate. He was sentenced to one year in the penitentiary and a \$1,000 fine. The year in the penitentiary was suspended provided he meets conditions stipulated by the court. Final sentencing for Nance is set for Tuesday, Dec. 11.

Jerry Watson pleaded guilty to the charges of second degree wanton endangerment and second degree criminal mischief, amended to second degree wanton endangerment. He was sentenced to one year in the county jail and a \$500 fine, with the jail sentence suspended provided he meets conditions stipulated by the court.

Joe Henry Thorn pleaded guilty to two counts of second degree wanton endangerment and received a one-year jail sentence and a \$100 fine on each count. The jail sentences were suspended provided he meets court-stipulated conditions.

## Dale Finney Receives Best Speaker Award

Dale Finney, a Calloway County High School delegate, received the best speaker award at the "Kentucky United Nations Assembly" held recently in Louisville.

The purpose of the assembly was to increase knowledge of other countries, provide first-hand experience with the compromises and trade-offs that are necessary to reach agreements on major issues, increase understanding in international affairs and increase understanding of the mechanisms of diplomacy and international organizations.

About 450 Kentucky students at-

tended the assembly. Along with Finney, other Calloway representatives include Chris Taylor, Mike Jackson, Marcia Cunningham, Julie Gargus and Larry England, advisor.

It was the first year Calloway High has been represented.

The assembly was run along the basic lines of the international United Nations; with general assemblies, committee hearings and various UN councils.

Other awards presented at the event included best country and best proposal.

## Round Of Price Increases At Dairy Counter Boosts Supermarket Bills

By The Associated Press

A new round of price increases at the dairy counter helped boost family supermarket bills again last month, an Associated Press marketbasket survey shows.

There were several special sales on pork chops, but the decreases were not great enough to offset the increases in the price of eggs and milk.

The AP drew up a random list of 15 food and non-food items, checked the price at one supermarket in each of 13 cities on March 1, 1973 and has rechecked on or about the start of each succeeding month. Chocolate chip cookies were dropped from the list when the manufacturer discontinued the package size used in the survey.

Here are some of the findings in the latest AP survey:

—The marketbasket bill increased at the checklist store in eight cities, up an average of 2.4 percent, and decreased at the checklist store in five cities, down an average of 1.8 percent. On the average, the marketbasket bill at the checklist store went up eight-tenths of a percent during November. That

compared with a decrease of two-tenths of a percent in October.

—Since the first of the year, the marketbasket bill has increased at the checklist store in every city, with rises ranging from 3 percent in Salt Lake City to just over 12 percent in New York. On the average, the marketbasket bill was 7 percent higher at the start of December than it was 11 months earlier.

—Higher prices for eggs—in demand as a substitute for expensive cuts of meat—and for milk boosted marketbasket bills last month as they did during October. Eggs increased in price at the checklist store in 10 cities during November after rising in six cities in October. Milk prices which were up in six cities in October, went up at the checklist store in five cities during November, reflecting a seasonal decline in production. Coffee prices also were higher—up in six cities last month.

—The price of center-cut pork chops dropped during November at the checklist store in eight cities. Hog

farmers have increased production to take advantage of the high beef prices caused by small cattle supplies and almost 20 percent more pork was produced this November than was produced in the same month last year.

No attempt was made to weight the AP survey results according to population density or in terms of what percent of a family's actual grocery outlay each item represents. The AP did not try to compare actual prices from city to city. The only comparisons were made in terms of percentages of increase or decrease.

The items on the AP checklist were: chopped chuck, center cut pork chops, frozen orange juice concentrate, coffee, paper towels, butter, Grade-A medium white eggs, creamy peanut butter, laundry detergent, fabric softener, tomato sauce, milk, frankfurters and granulated sugar. The cities checked were: Albuquerque, N.M., Atlanta, Boston, Chicago, Dallas, Detroit, Los Angeles, Miami, New York, Philadelphia, Providence, R.I., Salt Lake City and Seattle.

## Lt. Col. Routt Speaks At DAR Chapter Meet

Lt. Col. Randall G. Routt, chairman of Department of Military Science, Murray State University, was the speaker at the meeting of the Captain Wendell Oury

Chapter of the Daughters of the American Revolution held Saturday, Nov. 10, at the home of Mrs. Gaylord Forrest, 402 Chestnut Street, Murray.

"Veterans' Day" was the subject of his talk. He said of the 39 million Americans who have served in the Armed Forces, and that out of every 10 who have the uniform, seven are living today. He said that 42 per cent of the American population today is represented by veterans and their families.

In conclusion, Lt. Col. Routt said "there is no greater obligation than that we pay our greatest and best tribute to all veterans by recognizing what they have achieved and join them in their resolve to keep America free."

Twenty persons were present.

The next meeting will be held Saturday, Dec. 8, at the home of Kim Davis, New Concord. Each one is to bring a \$2 gift for the Christmas party.

## Your Individual Horoscope

Frances Drake

FOR TUESDAY, DECEMBER 4, 1979

What kind of day will tomorrow be? To find out what the stars say, read the forecast given for your birth Sign.

### ARIES

(Mar. 21 to Apr. 19)

Misunderstandings possible. Not the time to sign legal documents, especially where money is involved. Avoid things that depress you.

### TAURUS

(Apr. 20 to May 20)

A date may seem indifferent to the real you. Work leads to financial results, but care needed in money dealings with others.

### GEMINI

(May 21 to June 20)

Co-workers could be edgy. Unexpected duties may limit personal freedom. Shared creative projects or hobbies should prove stimulating.

### CANCER

(June 21 to July 22)

Moods of withdrawal could have an adverse effect on relationships. Show your interest, lest others make a sudden change in plans.

### LEO

(July 23 to Aug. 22)

Someone at home may not be in the mood for company. Friends and family don't mix favorably now. Money worries needn't curtail socializing.

### VIRGO

(Aug. 23 to Sept. 22)

Listen carefully to directives from higher-ups. Unexpected romantic news. New career ideas are feasible but not at the present time.

### LIBRA

(Sept. 23 to Oct. 22)

Unexpected expenses re travel. Check prices re legal services. Don't get discouraged if long-term plans seem difficult to launch now.

### SCORPIO

(Oct. 23 to Nov. 21)

Erratic behavior on your part works against you. Be decisive. A friendship may not be possible with one who desires greater closeness.

### SAGITTARIUS

(Nov. 22 to Dec. 21)

Little things may upset you about a relationship. Keeping them to yourself makes for edginess. A close one may be depressed.

### CAPRICORN

(Dec. 22 to Jan. 19)

Friends distract you now. Attend to duty and don't harp about others' inadequacies. Don't be so self-critical. Think positively.

### AQUARIUS

(Jan. 20 to Feb. 18)

A business lunch may not work out as planned. Be flexible. Allow others to change their plans. Be patient re a romantic interest.

### PISCES

(Feb. 19 to Mar. 20)

Differences you have with in-laws may crop up now. Close ones may seem preoccupied or un-demonstrative. Don't expect too much.

YOU BORN TODAY are industrious and a hard worker. Your greatest success comes with a good education in the field of your choice. Your perceptions about reality are especially insightful and you'd make a present.

**Guess what you're getting for Christmas.**

When the paper and ribbon covers the floor around the tree and the big emotional let down hits you, then what did you really get for Christmas? You shopped until your feet ached, you cut your finger while wrapping gifts, you stayed up too late and got up too early to unwrap a tie you'll never wear, a blouse that won't fit and a toy that's already broken. What did you really get for Christmas?

Well, maybe you shopped in the wrong place. A big supply of love, hope and faith are available at the Christian Church (Disciples of Christ). The service is beautiful and satisfaction is guaranteed. Everyone can afford it and those who receive it don't want to return it. It can be used everyday and improves with time.

And we're open on Sundays.

**Dear Abby**  
DEAR ABBY: I'm over 80, and have a difficult decision to make. About 55 years ago, my youngest brother (then 23) married a pretty girl who said she was expecting his child. At the time there was talk in town that she was romantically involved with a married man—her employer. Unfortunately, her child turned out to be the living image of her employer. When the boy was 4, his parents divorced, and the mother and son left town. To the day of my brother's death (three years ago), he never mentioned her or his "son." My brother never married again.

Last year, a handsome, well-mannered man knocked on our door and introduced himself as my brother's son. He said his mother had died recently, and he wanted to visit the town of his birth and meet his "father's" family. He was full of questions about his "father," saying his mother refused to talk about him. He asked me why his parents had divorced. (His biological father is also dead.)

My question: Should he be told? He has a lovely family and lives 900 miles away. We have several cousins who know the story, but they say they'll never tell.

If he should be told, I think I should be the one to tell him before I pass on. He'll probably not visit this way after I'm gone. What would you do, Abby?

INDIANA

DEAR INDIANA: I would leave well enough alone, and say nothing. I'll probably hear an uproar from many who believe it's everyone's "right" to know their real roots, but I would not exhumate this 55-year-old skeleton.

DEAR ABBY: Although I haven't spent much time in school, I have worked hard to improve my English. In recent years one of my best guidelines has been the Dear Abby column. Therefore, I hope you will not be offended if I ask you to quit using the word "Asiatic" when referring to the continent of Asia, or its people. People of Asian descent consider it not only incorrect, but insulting. It means "more than a little insane, or some kind of nut."

Those who have served in the U.S. Navy or Marine Corps will confirm this. Please use "Asian" instead.

JOE-E. IN ORLANDO

DEAR JOE: Thanks. I learned something today. Although my dictionary states that "Asian" is preferred to "Asiatic," it gives no hint that the latter is insulting. The put-down was inadvertently Occidental.

DEAR ABBY: Phil is 28 and I'm 22. We met at church choir about a year ago and have been going together ever since. He's asked me to marry him, but there is something about him that bothers me. Please don't laugh; it's the way he cheats out when it comes to money.

He refuses to give a dime to any charity. (He calls them all "rip-offs.") He won't leave a tip unless the service was exceptional—which rarely happens. (I leave tips out of embarrassment.)

Once when he took me out for dinner I said I wasn't very hungry, so he ordered a big meal for himself and told the waiter I didn't want anything. He ate in front of me and didn't even offer me a cup of coffee! I felt so hurt I nearly cried.

He's always asking me to take my car and never offers to put in any gas. (I always pay for the parking, too.)

We both work, and he doesn't have anybody to support but himself, so I can't understand why he's so tight.

I know it's the thought that counts, but every gift he's given me has been so cheap that I'm almost ashamed to show it to anybody.

Other than his tightness with money, we have a good relationship.

How important is a person's attitude about money?

WONDERING

DEAR WONDERING: Very. Don't treat it lightly. A person who is stingy, uncharitable and generally tight with his money is usually inconsiderate, ungracious and uncharitable in other areas. You are wise to wonder.

## Commonwealth Consumer

### Kentuckians Could Net Some Gains

By MARIA BRADEN  
Associated Press Writer  
FRANKFORT, Ky. (AP) — There's not likely to be a flood of consumer legislation in the 1980 General Assembly, but Kentuckians could net some real gains in limited areas.

The major focus apparently will be on automobile-related issues — a major consumer complaint over the years. Chances look best for a bill, already pre-filed, to help consumers get a handle on auto repair costs. It would require auto repair shops and mechanics to give motorists, at their request, a written estimate of repair costs over a specified minimum.

If the mechanic found that repairs were likely to exceed the estimate, he would be required to notify the car owner. More controversial is the so-called "new car lemon" bill, the subject of several public hearings.

Such a measure has not been approved or pre-filed by a committee, but at least one legislator has said he will introduce it when the Legislature convenes in January. Basically, the bill would allow a new car owner to return a "lemon" — a car with numerous mechanical defects — to the dealer for a refund or another car.

Currently, owners of defective cars must try to have the defects repaired while the car is still under warranty. Some of the owners have testified that their autos are more often in the shop than on the road.

The fate of such a measure depends on the power of the auto dealers lobby — traditionally one of the more powerful in the state capital.

Another measure which has encountered less resistance from auto dealers would raise the limit of a claim that could be brought in small claims court from \$500 to \$2,500 where the case involves automobiles. Small claims court actions are less formal and cost much less than other court proceedings, and neither party is required to have a lawyer.

A second measure relating to small claims courts would raise the jurisdictional limit from \$500 to \$1,000 for any type of case. A perennial issue likely to be raised again in 1980 is a change in the state's motor vehicle usage tax on new and used cars. Currently the state charges the 5 percent tax on the book value or windshield sticker prices of autos — regardless of the actual price paid.

Although consumers have called for a change in what they see as an unfair system, the state Revenue Department has said it would cost too much money and be unenforceable. Prior attempts to change the tax have been unsuccessful.

Other consumer legislation likely to be considered in 1980 could set new requirements for buying clubs and dance clubs and establish plain language standards for consumer contracts.

## Letters To The Editor

### Appreciates Award

Dear Editor:  
The following might be of interest to you since it has to do with my attendance at the sports banquet at Murray State University on Nov. 19th, 1979. You might have been there.

I was presented with a "Big M plaque" along with Mr. T. Waldrop and it was such a surprise that I just couldn't think of much to say.

I did express my appreciation and said that I didn't know of any less deserving but no one more appreciate. I did say that it had been my pleasure to follow the team and attend many of the games.

What I could have said and wished I had said turning to Coach Gottfried "Is

this for offense or defense (they gave one each game during the season).

As I said Mr. Waldrop received one also and my remark could have been "Well I know it wasn't for my beauty for Mr. Waldrop had already gotten that one, so I guess it was just for my age."

Then I could have said "I just might be the only one present that saw the first game the football team ever played back in 1924 and then after a span of 55 years saw the last game played at Western on Saturday just two days ago. And many, many in between."

Well anyway it is just the same old thing with me "When I stand up to say anything my mind sits down. Coach Gottfried could have answered me in the first "Yes it was for offense, very offensive."

Hope you do not feel that way about it. (This letter I mean).  
Sincerely,  
Ronald W. Churchill  
Murray, Ky.

## HEALTH

### Individual calorie needs

Lawrence E. Lamb, M.D.

DEAR DR. LAMB — I want to comment in reference to your column about the lady who was unable to lose weight even though she only consumed a 1300-calorie diet and engaged in a vigorous exercise program daily. I gather you felt that she either couldn't count calories well or might not be telling the truth. But I am like her and I know other women with the same problem.

I use the term hypometabolic to describe this condition. It's a slow metabolism that's not hypothyroid. I take one grain of thyroid and can burn nine calories per pound of body weight for 24 hours if I also follow a program of long-distance running. Of course, I only weigh 100 pounds so I can only eat about 900 calories a day.

I think there are a number of women who have this problem and they have difficulties because they ask advice from

a male-dominated medical establishment. Instead of getting help, they're humiliated. We're told we're not possible and we can't count or that we're crazy or liars or all of the above. Maybe after doctors admit we exist they will be able to study this problem and help us.

DEAR READER — As I've indicated before, there are certain laws of nature that can't be changed. You are absolutely right that if a person really didn't use very many calories he would get fat on a relatively low-calorie diet. The law of energy simply is that if you consume more calories than your body uses, you will accumulate fat. And in order to lose body fat, which is nothing more than stored energy, you have to take in fewer calories than your body uses.

Now anyone who thinks that he or she is one of the low metabolism group you speak

of can easily have it verified. All you have to do is have your doctor request a basal metabolism rate test. This is an old test in medicine based on how much oxygen the body consumes. It's done in the resting state after a good night's rest and with the person fasting. Lying there resting for an hour the total amount of oxygen used at absolute rest can be measured.

The technician can multiply the liters of oxygen the body actually used by 4.825 to determine how many calories the body uses for one hour at absolute rest. By multiplying this by 24 hours, you can determine how many calories the body would use if you stayed in bed and rested all day long. The normal adult will use between 1400 and 1800 calories a day under such circumstances.

Clearly, if you adjust the diet for such a person to pro-

vide exactly the same number of calories that the body uses, if it rested for the entire 24 hour period, that individual would be consuming fewer calories than the body would use when you're up and active part of the day. So your question can be easily verified with facts rather than argued about.

Using available formulas your basal calorie requirements for a full day are only about 1000 calories. But your individual requirements could be calculated with the method I just described.

Readers who want a balanced diet plan to help lose excess body fat can send 75 cents with a long, stamped, self-addressed envelope for The Health Letter number 4, 7, Weight Losing Diet. Send your request to Dr. Lamb, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

## HEARTLINE

Heartline is a service for senior citizens. Its purpose is to answer questions and solve problems — fast. If you have a question or a problem not answered in these columns, write Heartline, 114 E. Dayton St., West Alexandria, Ohio 45381. You will receive a prompt reply, but you must include a stamped, self-addressed envelope. The most useful replies will be printed in this column.

HEARTLINE: I have a friend who was overpaid by Social Security. It seems that she has been overpaid each month for nearly two years and now their computer has discovered the overpayment, which is, according to Social Security, the result of another computer error. Is this common? Are many people actually overpaid? — K.P.

Does the sun rise in the east? Is water wet? Yes, overpayments to Social Security recipients are common — extensively common.

According to statistics turned up by Heartline, some 967,000 retirement, survivor's and disability insurance benefits recipients were overpaid by more than \$536 million in 1977.

The Social Security Administration identified 3.2 million incidents of overpayments to SSI beneficiaries totaling nearly \$1.5 billion. Of this, \$443 million was waived, \$295.8 million has been collected and \$148 million is now being collected. Recovery efforts were suspended on \$147.7 million, and \$5.9 million is being adjusted.

Most recipients of retirement, survivor's and disability insurance benefits were overpaid because they had earned more than the maximum permitted by law. As long as these beneficiaries continue to be eligible for benefits, the SSA can recover a sizable portion of the overpayment through adjustments of future benefit checks.

HEARTLINE: I am a senior citizen, age 60. I am slightly overweight and wish to lose the weight for health

purposes. I don't believe in crash diets and only wish to watch my calories. I read somewhere that the Food and Drug Administration has instituted new rules governing how foods should be labeled. Are these laws now in effect? — H.B.

The FDA began a program in July 1979 limiting the amount of calories in foods being shipped across state lines to 40 per serving. All labels must show the number of calories, the amounts of protein, carbohydrates and fat in each serving, as well as U.S. recommended daily allowances for vitamins and minerals.

HEARTLINE: Is there a Medicare supplement insurance policy on the market that will pay 20 percent or more of the ACTUAL doctor bill and not 20 percent of the reasonable charges? Considering the fact that Medicare rarely, if ever, approves the doctor's entire charges, you rarely, if ever, receive a 20 percent reimbursement from a Medicare supplement policy. I have not seen a policy such as this and just wondered if any exist. — D.Z.

Yes. There are a few that will pay 20 percent of the doctor's actual charges. Heartline has been investigating the Medicare supplement insurance industry for years. If you would like Heartline's free report on Medicare

supplements, write to Heartline-Medicare Gaps, 114 E. Dayton St., West Alexandria, Ohio 45381. Please send 35 cents for postage and handling. This report explains the gaps in Medicare and Medicaid, as well as those in the supposedly "gap-filling" Medicare supplements. This report will be helpful for anyone who owns a Medicare supplement policy or anyone thinking of purchasing one.

## The Story Of Calloway County 1822-1976

By Dorothy and Kerby Jennings

Copyright, 1978

The one great hope across the nation from the despair of the depression surfaced with the election of F. D. Roosevelt as president. Enthusiasm in Calloway County was reflected in a page advertisement by the Capitol Theatre emblazoning the likeness of the new president and "Hail to Roosevelt, the Man of the Hour."

Lynn Grove's protest over high taxes alongside other petitions across the state must have prompted state officials to lower county assessments 19 per cent. Fiscal court members sharply reduced salaries of elected officials, most of whom, however, were compensated through the fee system which was not affected. So did the Murray School Board which ordered 17 per cent reduction in salaries. The city council ordered a decrease for the salary of city judge, but a slight increase for the office of mayor which has remained a pittance in comparison to the work load. The council also took under advisement the purchase of the sanitary sewer system as advocated by Dr. B. F. Berry. Phone users declined by 12 per cent or more when families were forced to conserve the sparse money supply to live within family budgets.

Enterprising merchants organized a Prosperity Club with a point system on each purchase, assuring each of the four Murray churches would receive bonus prizes of \$100. Conspicuous by their absences were the black churches and farm congregations from benefitting from the bonanza, perhaps on the theory that black folks and farmers didn't have any money to spend, supporting Ben Johnson's immortal words: "Get money; still get money, boy; no matter by what means."

For a composite concept of the extent of need during this dark year was the fact that state and county relief had been extended to 5,199 persons at a cost of \$30,242—rather discouraging pittance of about \$5 per person. By July, the hosiery mill was employing 230 hands at wages of approximately 25 cents an hour. Small as it might appear, the wages were blessings at the moment. Farmers were urged to push strawberry production to 400 acres, up from the previous year's 285 acres, in order to get a shipping station in town. Another high hope fanned when the Engineering News-Record of New York printed the statement that a \$49 million dam project was proposed to be built at Egner's Ferry.

The promise of future jobs was exhilarating to the unemployed. Included in proposed projects would be the construction of a model teaching laboratory in what became known as the Training School Building at the College, in addition to the news that the Hazel Highway would be blacktopped. With bank deposits of \$2,500 being guaranteed by a federal government agency, the silver lining was really beginning to slightly shine from behind that long black cloud, but the folks were in for a longer wait to acquire a prosperity sunburn than anticipated.

## Today In History

By The Associated Press

Today is Monday, Dec. 3, the 337th day of 1979. There are 28 days left in the year.

Today's highlight in history:

In 1944, during World War II, American forces crossed the Saar River in Germany.

In 1961, the United States deployed a platoon of troops along the border between East and West Berlin as East Germany began strengthening the Berlin Wall.

In 1977, the United States said it would give refuge to 10,000 Indochinese "boat people."

Ten years ago, a French airliner crashed into the Caribbean after takeoff from Caracas, Venezuela, killing 62 people.

Five years ago, Wilbur Mills of Arkansas — one of the nation's most powerful congressmen — went into the hospital, one day after colleagues began stripping him of his powers.

One year ago, tornadoes swept through parts of Arkansas, Mississippi and Alabama, killing four, injuring hundreds, and doing some \$200 million in damage.

Today's birthday: Andy Williams is 49.

Thought for today: The cruelest lies are often told in silence. — Robert Louis Stevenson (1850-1894)

The earth is apparently the only planet of the sun's family that has an ocean. This may explain earth's position in the solar system. If it circled at Jupiter's distance, the ocean would probably be a mass of ice.

# FARM REVIEW & FORECAST

## Many Staple Foods Higher

## Farm, Food Prices Move In Opposite Directions

Food prices and farm prices moved in opposite directions last month, as shoppers in Kentucky experienced higher costs on many staple food

items.

The November Kentucky Farm Bureau marketbasket survey found that 40 selected food products had increased an average of nine-tenths of one per cent since early October, to \$51.83. During the same period, farm prices declined 2 per cent, said the Kentucky Crop and Livestock Reporting Service. Soybeans, eggs, corn, hogs and beef cattle all were bringing less than month-earlier price levels.

November was the second month of increase in food prices detected by Farm Bureau's survey, but was still below the \$52.14 figure registered in July. Price checkers were active in 30 Kentucky communities, canvassing a variety of meats, vegetables, dairy products and miscellaneous foods.

Dairy products and beef led the way in price hikes during the month. Four of five beef cuts surveyed had increased, and all dairy products except ice cream were higher.

Pork turned up as a good buy for consumers, with four of five cuts down in price from October. Chicken prices held steady, and flour, used in greater quantities this time of year for holiday baking, was down an average of 10 cents for a five-pound bag. Turkeys were not included in the 40-item average, but were checked by many surveyors. They cost an average of 82 cents a pound in November, down from 92 cents in October.

Salersville and Mt. Olivet, two Eastern Kentucky communities, wound up at either end of the survey's price range. Salersville registered the lowest local marketbasket cost with a \$47.32 average for the 40 food items, while Mt. Olivet was high at \$57.74.

Other local marketbasket averages were: Greensburg, 47.43; Seebree, 48.51; Hopkinsville, 49.17; Franklin, 49.49; Owensboro, 49.71; Morehead, 49.78; Glasgow, 49.79; Mumfordsville, 50.00; Brandenburg, 50.38; Elizabethtown, 50.64; Monticello, 50.68; Garner (Knott County), 50.97; Shelbyville, 51.07; Cynthiana, 51.29; Greenup, 51.68; London, 51.72.

Danville, 52.26; Brooksville, 52.37; Hawesville, 52.50; Stanford, 52.82; Louisville, 53.17; Paducah, 53.31; Lexington, 53.40; Georgetown, 53.59; Frankfort, 55.05; Mt. Vernon, 55.09; Nicholasville, 56.38; and Fulton, 57.51.

On the other end of the food chain, the crop reporting service says farmers are also losing the battle with inflation. Farm prices overall are 8 percent above a year ago, while the index of prices paid by farmers for production items, wages and taxes has risen 14 percent during the 12-month period.

## Three Young Farmers Compete For Honors

Three young farmers have emerged as finalists in Kentucky Farm Bureau's 1979 Outstanding Young Farmer competition.

The three are Danny French, 27, R. 1 Uniontown (Union County); Stephen J. Kelley, 29, R. 4 Bardwell (Carlisle County); and Sanford C. Seearce, R. 1 Shelbyville (Shelby County).

One of the three will be named Outstanding Young Farmer of Kentucky during the 60th annual Kentucky Farm Bureau convention at the Galt House in Louisville, Dec. 7. The winner will be

presented a new Ford lawn and garden tractor and will travel to Phoenix, Arizona, in January to compete in Farm Bureau's national OYF finals.

The Outstanding Young Farmer program is conducted annually by Kentucky Farm Bureau and is open to any Farm Bureau member family engaged in active farming, if the husband is 30 or under.

Participants are judged on farm management, farm improvements, net worth of the operation and production efficiency. In addition, leadership activities of both husband and wife are considered.

This year's three finalists were selected from 10 district winners from across the state. The other nominees were: Byron Lee Nelson, 27, R. 2 Vine Grove; Stephen D. Ferguson, 29, R. 5 Russellville; Samuel K. Finney, 29, Crestwood; Joe H. Spalding, 27, R. 1 Lebanon; William S. Holtzclaw, 28, R. 2 Stanford; Charles Allison Jr., 28, R. 2 May's Lick; and Ronald E. Shrout, 28, R. 6 Winchester.

## Meat Cut Quiz

Q. What is the name of this meat?

A. Ground Pork.

Q. Where does it come from? How is it identified?

A. Ground pork is prepared from boned fresh picnics, blade Boston roasts (butts) and trimmings. A 20 to 25 percent fat content is desirable.

Q. How is ground pork prepared?

A. It can be shaped into patties and broiled, pan-broiled or baked. For broiling, shape into patties about 1/2 inch thick (3 to 4 per pound) and place on rack in broiler pan 3 inches from heat; broil 6 minutes, turn and broil 5 to 6 minutes or until well done. For panbroiling, shape into patties 1/4 inch thick and panbroil at a moderate temperature 15 minutes, turning occasionally until browned on both sides. Patties also can be shaped 3/4 inch thick, and cooked in hot oven (400° F.).

Chapped hands? Reports show people are finding Bag Balm, the cream used on cows' udders to prevent or heal chapping, works well on dry, rough human skin, too.

## REAP a better profit

If we can show you how to increase the planting capacity of your present tractor and planter, won't that help you to reap a better profit? We'll be happy to show you how easy it is at a field demonstration of a Lely-Roterra® and a Lely-STIP System™.

You'll see how combination-trip-planting with the Lely-STIP System™ can increase your planting capacity four times. In a single trip, with a 15 foot system, you can spray, till, incorporate and plant 75 acres daily from the very first day forward. Wouldn't you like to have had that capacity, timeliness and flexibility this year? You not only save money by eliminating trips but you can save further by using generally less expensive and more reliable pre-plant incorporated herbicides.

## Calloway Defeated 82-70 Saturday Night

# Foul Shots Aid Trigg County

By GARY GARTH  
Sports Reporter

CADIZ — The Calloway County Lakers traveled to Trigg County Saturday night in search of its first victory of the young season but the hosting Wildcats used their red hot free throw shooting in the final quarter to down the Lakers 82-70.

Marty McCuiston scored the game's first two points for the Lakers by hitting two from the charity stripe. Trigg responded by reeling off eight straight points before the Lakers could get its offensive on track.

The first quarter was

winding down with Calloway trailing 16-14 when Laker guard Jimmy Bynum went to the free throw line. After sinking one shot, center Richard Smotherman grabbed the rebound of the second and sank the basket at the buzzer giving Calloway a 17-16 first quarter lead.

Trigg County quickly regained the lead at the beginning of the second period on a field goal by Todd Cain. Cain was the game's leading scorer with 34 points on the night.

Calloway stayed close throughout the game behind the shooting of Smotherman

who had 24 points and Bynum with ten points and Keith Lovett who had nine points.

The Lakers cut the Wildcats' lead to seven points on the final play of the second quarter.

With one second remaining in the stanza Trigg County guard Todd Cain took the ball out of bounds and threw down court dropping it through the hoop at the buzzer but the basket was nullified and Bynum took the ball out for the Lakers and tossed it in to Larry Sanders who hit a ten footer at the buzzer.

Calloway continued to narrow the gap in the third quarter and closed to within two points mid-way through the period on a three point play by Jeff Garrison.

Wildcat guard Cain helped his team widen its lead to six points after three quarters with two quick field goals late in the period.

Trigg forced two quick Laker turnovers early in the fourth quarter and ran off six straight points in the first 55

seconds to take a 12 point 61-49 lead.

But the Lakers were far from finished. Calloway cut the Wildcats' lead to six midway in the period behind the strong shooting of forward Larry Sanders. Sanders scored all of his nine points in the final period.

Trigg County scored 13 of its 27 fourth quarter points from the foul line. The Wildcats hit 13 of 13 free throws in the final period and sank 22 of 25 foul shots on the night.

Laker coach Chic Nute noted his team's youth and inexperience in the contest adding that they would improve with each game. "Our players played well tonight" Nute said, "we're young and its going to take some time to gain the experience that we need."

The Lakers will look for their first win Tuesday night when they play host to Marshall County. Both boys and girls varsity teams will see action Tuesday at Jeffrey Gym.

Trigg County (82) — Cain 34, Baker 10, Gray 10, Shannon 10, Mack 6, Greer 6, Vinson 4, Henry 2.

Calloway County (70) — Smotherman 24, Bynum 10, Lovett 9, McCuiston 8, Emerson 6, Garrison 5, Sanders 4, Key 4.

In the junior varsity contest Trigg County came from behind to down the JV Lakers 58-53.

Lead by Jeff Garrison's 23 points Calloway held the lead in the game until the final period.

The Wildcats began to make their move in the third quarter pulling even twice during the period before sharpshooting by Garrison and Craig Darnell gave the Lakers a three point third quarter lead.

The hosts moved into the lead to stay midway through the final period on good shooting by Jeff Henry and Mark Greer.

The Lakers suffered three turnovers in the final three minutes and the Wildcats converted all steals into field goals.

Three foul shots by Trigg guard Sam Love within the final 20 seconds provided the winning margin for the Wildcats.

In addition to Garrison's 23 points Tim McAlister added nine points for the Lakers and Tommy Workman sank eight points.

## Two Of Best Division I-AA Teams To Clash When Murray And Lehigh Meet

They represent two of the best teams in Division I-AA football and one will continue its season December 15 in Orlando, Florida at the Pioneer Bowl with an opportunity to claim a national championship.

NCAA football competition at its best will be the focus of attention December 8 at Roy Stewart Stadium as Murray State and Lehigh collide in a contest that should offer a definite defensive flavor.

Murray State, ranked second nationally with a 9-1 record, won its first Ohio Valley Conference crown in 28 years while Lehigh is 9-2 for the year, ranked third in the poll and was the runnerup for the Lambert Cup, awarded each year to the best small college football team in the east.

It has been 31 years since Murray State was selected for post-season competition in football as the Racers were represented in the 1948 Tangerine Bowl and fought to a 21-21 tie with Sul Ross State.

Saturday's contest will mark Lehigh's fourth playoff appearance in seven years. The earlier ones were in Division II before the Engineers moved up into the I-AA category last fall. They won the Division II national championship in 1977 and dropped first-round playoff

games in 1973 and 1975.

Neither team had a common opponent in 1979 and Saturday's competition is the first ever between the two schools.

Both teams' reputation for success in 1979 has been based on the play of their defensive units, although both have had little trouble in scoring points this season.

Lehigh coach John Whitehead entered the season with 18 lettermen and plenty of momentum following 12-2 and 8-3 back-to-back campaigns. Eric Yaszemski, Bruce Rarig, Jim McCormick and Keith Conley head a stubborn defense that has yielded just 7.2 points an outing to lead Division I-AA in scoring defense. The Engineers, in fact, rank among the leaders in every defensive category.

In only his second season at Murray State, coach Mike Gottfried guided the Racers to a surprise season after being picked fourth in the conference pre-season poll and achieving success with just one senior in the starting lineup.

Murray State also offers a stingy attitude on defense as the Racers are allowing just 64.1 yards rushing to rank second nationally. OVC Defensive Player of the Year Terry Love, along with Rick Lanpher, Glenn Jones, Lamar

Williams and Greg Evans are among the standouts.

Needless to say, Saturday does not offer much encouragement for the offensive backfield of either squad.

Murray State has the longest winning streak in Division I-AA this season as the Racers have taken a final advantage over its last eight opponents, including conference rival Eastern Kentucky when the Colonels were ranked number one in the I-AA poll.

Lehigh has a string of six consecutive wins and its only defeats came against Lambert Cup winner Delaware (21-14) and Colgate (10-3), a Division I team.

The Engineers move the football under the leadership of senior quarterback Rich Andres, who has completed 99 of 214 passing attempts for 1,289 yards and seven touchdowns. Runningback Joe Rabuck is the workhorse in the backfield as he has rushed for 601 yards and 147 carries and three touchdowns.

Bob Romeo (327 yards) and Steve Plucinsky (359 yards) are also runningback threats for Lehigh. Wide receiver Mark Yeager and tight end Dav Rarig have combined for 42 receptions and three touchdowns to pace the Lehigh passing attack. The Engineers also have a potent kicking

game with junior Ted Iobst accounting for 52 points and 10 field goals.

As a team, Lehigh averages nearly 18 points an outing with a 44-9 win over Slippery Rock the largest offensive output of the season.

Quarterback Ricky Ray will guide the Racers' offensive show and the second team all-conference sophomore has been productive this season, connecting on 76 of 156 passing attempts for 952 yards and four touchdowns. Three tailbacks, Nick Nance, Danny Lee Johnson and Lindsey Hudspeth, have combined for 1,465 yards and 14 touchdowns while fullbacks Tony Lester and Kenny Davis have churned out 676 yards and six scores.

Two wide receivers, Anthony Robbins and Greg King, along with tight end Kris Robbins (no relation to Anthony) provide the primary targets for Ray as the trio

have 63 receptions and four touchdowns between them.

Freshman David Tuck has connected on all of his 31 extra point attempts, and also contributed four field goals.

The Racers have also produced three touchdowns on blocked kicks as Murray State specialty teams have recorded a Division I-AA record six blocked punts and two blocked field goals in 1979.

Lehigh, with 15 seniors on its roster, will be represented by Andres, McCormick and Yaszemski as tri-captains for the game. Captains for the Racers include Love, Tony Boone (injured), Kris Robbins and Johnson.

The winner advances to the national championship contest in one week in Orlando against the survivor of the other I-AA playoff competition Saturday afternoon. Meeting in the other semi-final game are Eastern Kentucky University and Nevada-Reno.

## EKU Gains Spot In I-AA Playoffs

RICHMOND, Ky. (AP) — It was an exciting weekend for Eastern Kentucky Coach Roy Kidd, although his football team didn't even play.

Kidd's excitement began when he learned that Grambling, the top-ranked team in the NCAA Division I-AA poll, had been upset 14-7 by Southern University. That loss cleared the way for Eastern, ranked third in the same poll, to earn one of four spots in the division playoffs.

As it turned out, the loss did get Eastern into the playoffs, but not after Kidd spent Sunday sitting by the phone, waiting for the NCAA to call with the invitation. Finally, however, Eastern Kentucky Athletic Director Don Combs gave Kidd the good word Sunday afternoon.

"Everything's fine today," Kidd said after the call. "Couldn't be better."

Eastern's selection set up

## Racer Basketball Team To Open Season With Game Against Roosevelt

The Murray State Racer basketball team will open regular season play Tuesday, Dec. 4, in a game with Roosevelt University of Chicago at Racer Arena.

The "new look" racers had an impressive beginning last week when they down the touring Australia Olympic squad 83-64, ending a three-game winning streak for the Aussies. Coach Ron Greene feels his fresh mixtures of players will be ready for the regular season opener Tuesday.

"I was generally pleased with our overall performance," Greene said of the Racers' win in the exhibition game. "When you consider we were going up against a taller, more experienced and mature

team, I think we did a good job."

All 14 racers saw action in the contest and Greene saw an indication his squad will have a good supply of bench support. "It's obvious we should have pretty good depth," added Greene.

The first regular meeting of the Racer Club for basketball will be Tuesday at noon at the Colonial House Smorgasbord.

Coach Ron Greene will comment about last Wednesday's exhibition win over the Australian National team and will discuss Tuesday night's regular season opener with Roosevelt University.

Greene is also expected to comment on the outlook for the Racers' 1979-80 season.

All Racer Club members are urged to attend.

## Lady Racers To Meet OVC Tourney Favorites

The Murray State Lady Racer basketball team will meet favorite Morehead in the first round of the Ohio Valley Conference tournament which opens tonight at Middle Tennessee State University in Murfreesboro.

The Lady Racers have won four of their first four contests including an impressive 90-79 KWIC win over highly regarded Louisville last Wednesday and an 86-75 victory over UT-Martin Friday night.

"This team has the best overall attitude of any bunch I've coached," said Lady Racer coach Jean Smith. "They are very team oriented

and they pull for each other."

The Lady Racers won the Missouri Western Tip-Off Tournament and their only setback was a narrow three-point loss to Southern Illinois.

In addition to Garrison's 23 points Tim McAlister added nine points for the Lakers and Tommy Workman sank eight points.

## Sugar Bowl Gets Its Wish; Alabama Will Meet Arkansas

By ED SHEARER  
AP Sports Writer

The Sugar Bowl got its wish — an appearance by top-ranked Alabama for the third straight year.

But, it wasn't without some anxious moments. Coach Lou Holtz, the colorful Arkansas coach, said, "It is a great challenge playing an undefeated team the caliber of Alabama."

Steadman Shealy, Alabama's cool field general, engineered a masterful 82-yard drive that carried the Crimson Tide to its 20th straight victory, a 25-18 triumph over 14th-ranked Auburn on Saturday.

The Tigers, boasting the greatest one-two running punch in Southeastern Conference history, turned to the pass to build an 18-17 lead with 11:39 remaining before Shealy went to work and ended the game-winning drive on an 8-yard run 8:17 before the final gun.

Coach Bear Bryant's Tide had to avoid a loss to their arch-rival to reach the Sugar Bowl, because Georgia, with a mediocre 6-5 record, could have backed into the New Orleans event had Auburn registered an upset.

The Tide, which won its eighth SEC title in nine years and stretched its league winning streak to 23 games, will face No. 8 Arkansas, the Southwest Conference co-champion, in New Orleans on New Year's Day.

Coach Lou Holtz, the colorful Arkansas coach, said, "It is a great challenge playing an undefeated team the caliber of Alabama."

"We might be the worst 10-1 in the country," Holtz said. "We are going to have to make

## UK Comes From Behind To Win Alaska Shootout

ANCHORAGE, Alaska (AP) — Kyle Macy sank two crucial baskets in the final four minutes Sunday night as second-ranked Kentucky came from behind to defeat Iona 57-50 in the championship game of the Great Alaska Shootout college basketball tournament.

Kentucky was trailing 50-49 when Macy hit an 18-footer with 3:47 remaining. After Dwight Anderson scored on a drive with 2:41 to go, to put the Wildcats ahead 53-50, Macy stole the ball and scored on a lay-in with 1:14 remaining.

Two free throws by Dirk Minniefeld 15 seconds before the buzzer sealed the victory for Kentucky.

Macy, with 15 points, and Anderson, with 12, paced the Wildcats. Glen Vickers led the Gaels from New Rochelle, N.Y., with 16 points, all in the first half.

Jeff Ruland, Iona's 6-foot-10, 240-pound junior center, won his personal battle with highly publicized 7-foot-1 Kentucky freshman Sam Bowie, 14 points to 4 points.

Bowie had three fouls in the first half and committed his fourth with 6:17 remaining. He wasn't in the game during Kentucky's winning spurt at the end.

Ruland, with 61 points in three games, was voted the tournament's most valuable player.

Francoise Wise hauled down 19 rebounds and scored 18 points to lead Long Beach State to a 67-50 victory over host University of Alaska-Anchorage for third place.

Easily Outpolls Billy Sims

## USC's Charles White Wins Heisman

NEW YORK (AP) — Tailback Charles White of Southern California, the second leading rusher in college football history, won the 1979 Heisman Trophy today, easily outdistancing last year's winner, Billy Sims of Oklahoma.

White received 453 first-place votes, 144 seconds and 48 thirds for a total of 1,695 points. Sims was a distant second with 773 points, including 82 first-place ballots, 180 seconds and 167 thirds.

Brigham Young quarterback Marc Wilson was third with 589 points. Wilson received 72 firsts, 124 seconds and 125 thirds.

White, who finished fourth in the Heisman balloting a year ago, carried each of the six geographical regions this time — the Northeast, Mid-Atlantic, South, Midwest, Southwest and Far West. Sims was runner-up in each district except the Far West, where he finished third behind Wilson.

White, a 6-foot, 185-pound senior from San Fernando, Calif., led the nation in rushing this season with 1,803 yards in 10 games. Sims was fourth with 1,506 yards, but 529 came in his last two games, after the balloting had begun.

The only other players to receive more than 100 votes were Ohio State quarterback Art Schlichter with 251 and Notre Dame running back Vagas Ferguson with 162. Schlichter received 19 firsts, 54 seconds and 86 thirds, while Ferguson had 12, 38 and 50.

The rest of the top 10 finishers were Southern Cal quarterback Paul McDonald, 92 points; South Carolina running back George Rogers, 81; Purdue quarterback Mark Herrmann, 54; Florida State nose guard Ron Simmons, 41; and Alabama quarterback Steadman Shealy, 32.

Since Jay Berwanger, a University of Chicago halfback, won the first Heisman Trophy in 1935, only twice has it been awarded to someone other than an offensive back.

Larry Kelley of Yale and Leon Hart of Notre Dame, the 1936 and 1949 winners, were two-way ends. Even wide receiver Johnny Rodgers of Nebraska, the 1972 winner, lined up in the backfield and ran the ball quite often.

Sims is one of six players to win the Heisman as a junior but the only repeater was Ohio State's Archie Griffin in 1974-75.

Until earlier this month, the Heisman was virtually conceded to White.

The Southern Cal senior, who is the second greatest rusher in college football history, led the nation in rushing with 1,803 yards in 10 games although he missed one entire contest and half of another with a shoulder injury.

Once he got back in action, though, White established a National Collegiate Athletic Association mark by rushing for 1,090 yards in five games — 221 against Stanford, 261 against Notre Dame on national television, 198 against California, 167 against Arizona and 243 against Washington on regional TV.

The Washington game took place on Nov. 10 and since the ballots were due last Friday from the 1,050 Heisman electors — 175 in each of six geographical regions of the country — numerous votes were mailed before Sims' 247-yard performance against Nebraska on Nov. 24.

Coupled with a career-high 282-yard performance against Missouri a week earlier, it gave him a two-game total of 529, nine short of the national

twogame record of 538 by Colorado's Charlie Davis in 1971. The 6-0, 205-pound Sims to finish fourth nationally with 1,506 yards in 11 games. He averaged 6.7 yards a carry to White's 6.2 and led the nation in scoring with 22 touchdowns. White had 18.

Wilson was the national total offense king with 3,580 yards. He completed 250 of 427 passes for 3,720 yards — he lost 140 rushing — and 29 touchdowns.

# Eagles Clinch Berth In Humbling Experience

By ALEX SACHARE  
AP Sports Writer

"It's a humbling experience," said Philadelphia Coach Dick Vermeil after his Eagles became the first team to clinch a berth in the National Football League playoffs by beating the Detroit Lions 44-7 Sunday.

"But I've said all along the players win games, and I really believe that," added Vermeil. "I told the players I'm just thrilled that they took me along."

With two weeks to go in the regular season the Eagles, 10-4, lead the National Conference's East Division by one game over Washington, which beat Green Bay 38-21, and Dallas, which defeated the New York Giants 28-7.

Although the Eagles may still be caught in the division

race, they have assured themselves of a wild-card playoff berth by virtue of having a better conference record (9-2) than either Tampa Bay or Chicago, who are battling for the Central Division lead and are also involved in the wild-card scramble.

Tampa Bay failed to lock up the division for the second successive Sunday by dropping a 14-0 decision to Chicago. The Bucs, 9-5, now lead the Bears by one game and can clinch their first division title by winning either of their last two games, against San Francisco and Kansas City.

In other NFL games Sunday, the Pittsburgh Steelers beat the Cincinnati Bengals 37-17, the Cleveland Browns topped the Houston Oilers 14-7, the Los Angeles Rams

yards for the sixth time this season.

**Redskins 38, Packers 21** Joe Theismann threw four touchdown passes and Washington erased a 21-7 halftime deficit to beat Green Bay.

**Cowboys 28, Giants 7** Roger Staubach threw three touchdown passes to Drew Pearson as Dallas snapped a three-game losing streak. Dorsett rushed for 108 yards to join John Brockington as the only runners ever to surpass 1,000 yards in each of their first three pro seasons.

**Bears 14, Bucs 0** Chicago turned a blocked punt by Bruce Herron and an interception by Gary Fencik into touchdowns and picked off five passes in beating Tampa Bay.

**Steelers 37, Bengals 17** Terry Bradshaw threw two

trimmed the Minnesota Vikings 27-21 overtime, the Denver Broncos defeated the Buffalo Bills 19-16, the Atlanta Falcons upset the San Diego Chargers 28-26, the Kansas City Chiefs outscored the Seattle Seahawks 37-21, the New York Jets beat the Baltimore Colts 30-17 and the St. Louis Cardinals defeated the San Francisco 49ers 13-10.

Miami beat New England 39-24 on Thursday night. Oakland plays at New Orleans tonight.

Among the outstanding individual efforts, Franco Harris of Pittsburgh, Tony Dorsett of Dallas and Mike Pruitt of Cleveland surpassed the 1,000-yard rushing mark for the season, rookie Otis Anderson of St. Louis had his eighth 100-yard running day and Dan Fouts of San Diego passed for more than 300

touchdown passes to Lynn Swann and became the first Steeler quarterback to pass for 3,000 yards in one season as Pittsburgh beat Cincinnati. The Steelers, 11-3, can clinch the AFC East title with a victory next Monday night in Houston.

Harris gained 92 yards in 20 carries to give him 1,027 yards for the season, the seventh time he has surpassed 1,000 yards, tying him with Jim Brown for the NFL record. He also moved into fourth place on the all-time NFL rushing list with 8,404 yards, behind Brown, O.J. Simpson and Jim Taylor.

**Browns 14, Oilers 7** Mike Pruitt scored both Cleveland touchdowns and gained 111 yards on 25 carries as the Browns beat the Oilers. He's only the fourth Cleveland runner to post a 1,000-yard

season, joining Jim Brown, Leroy Kelly and Greg Pruitt.

**Rams 27, Vikings 21** Nolan Cromwell ran 56 yards for a touchdown on a fake field goal midway through overtime as Los Angeles opened a one-half game lead over New Orleans in the NFC West. Ex-Viking Bob Lee, a recent Ram pickup, quarterbacked the winners in the second half and overtime.

**Broncos 19, Bills 16** Jim Turner's 32-yard field goal with three seconds left gave Denver its victory and lifted the Broncos into a tie with San Diego for the AFC West lead at 10-4. The kick offset a brilliant passing show by Buffalo's Joe Ferguson, who completed 27 of 46 for 316 yards.

**Falcons 28, Chargers 26** Steve Bartkowski's 6-yard touchdown pass to Wallace Francis with 21 seconds

remaining gave the Falcons, 13-1-point underdogs, the win over San Diego.

**Chiefs 37, Seahawks 21** Ted McKnight scored two touchdowns as Kansas City bolted to a 24-0 halftime advantage and a 37-7 lead early in the final period before easing up.

**Jets 30, Colts 17** Richard Todd, frequently booed by Jets fans this season, completed 12 of 26 passes for 215 yards and two touchdowns

and ran for 35 yards as New York snapped a three-game losing streak.

**Cards 13, 49ers 10** Otis Anderson ran for 129 yards and scored the winning touchdown on a 6-yard scamper with 2:53 remaining as St. Louis won its debut under interim Coach Larry Wilson, who replaced Bud Wilkinson, fired last week. Anderson is the first NFL rookie to post eight 100-yard games.

## Aggies Mess Up SWC Travel Plans With 13-7 Victory Over Sixth-Ranked Texas

By HERSCHEL NISSENSON  
AP Sports Writer

A crazed hijacker couldn't have messed up the Southwest Conference's travel plans more than Texas A&M did.

The Aggies became the bane of travel agents Saturday with a 13-7 upset of sixth-ranked Texas that forced (a) Arkansas to detour its Jan. 1 holiday plans from Dallas to New Orleans, (b) Texas to spend Dec. 22 in El Paso instead of New Year's Day in New Orleans and (c) Houston to switch from Dec. 22 in El Paso to Jan. 1 in Dallas.

Had Texas won, the Longhorns would have gone to the Sugar Bowl, eighth-ranked Arkansas to the Cotton and No. 10 Houston to the Sun. Now, Houston, which crushed Rice 63-0 and tied Arkansas for the SWC championship, will meet Nebraska in the Cotton Bowl by virtue of its head-to-head triumph over Arkansas. The Razorbacks were rerouted to the Sugar Bowl against No. 1-ranked Alabama while Texas faces No. 13 Washington in the Sun.

"We won't be getting a Nebraska film," sighed Arkansas Coach Lou Holtz.

The bowl picture finally was completed when Alabama turned back 14th-ranked Auburn 25-18 on Steadman

Shealy's 8-yard run with 8:17 left. The Crimson Tide won its eighth Southeastern Conference crown in nine years and will be the host team in New Orleans.

The Fiesta Bowl, which had Alabama on hold, quickly subbed Arizona to meet 11th-ranked Pitt, which finished the regular season by trouncing No. 19 Penn State 29-14.

Apparently the Sugar and Rose Bowls will settle the national championship. Alabama's defending national champs will take a 20-game winning streak, longest in the land, to New Orleans while runnerup Southern California and third-ranked Ohio State slug it out in Pasadena.

First, though, it remains to be seen whether the voters will keep Alabama No. 1 in The Associated Press' final regular season poll this week. The Crimson Tide coughed up four fumbles in the third period and blew a 17-6 lead before rallying to overtake Auburn.

"I thought we played good enough to be No. 1," said linebacker Thomas Boyd, who led Alabama's stingy defense with 15 tackles.

Elsewhere on the slim final weekend of the regular season:

Sophomore Ed Meyers, making only his second varsity start, set a series record by rushing for 279 yards and scored three touchdowns as Navy flattened Army 31-7. Jimmy Streater threw two scoring passes to Anthony Hancock as Tennessee whipped Vanderbilt 31-10. Boston College used three late interceptions and a fumble recovery to preserve a 13-10 decision over Holy Cross. Jim Kelly passed for one touchdown and scored another as Miami, Fla., defeated Florida 30-24 — the Gators suffered their first winless campaign since 1946 — and quarterback Blane Gaison scored three times to lead Hawaii past Arizona State 29-17.

The complete bowl pairings:

Sugar, Alabama-Arkansas; Rose, Southern Cal-Ohio State; Orange, Florida State-Oklahoma; Cotton, Nebraska-Houston; Holiday, Brigham Young-Indiana; Bluebonnet, Purdue-Tennessee; Sun, Texas-Washington; Fiesta, Pitt-Arizona; Gator, Michigan-North Carolina; Hall of Fame, South Carolina-Missouri; Peach, Baylor-Clemson; Liberty, Penn State-Tulane; Tangerine, Wake Forest-Louisiana State; Garden State, Temple-California; Independence, McNeese State-Syracuse.

Shealy threw a 28-yard touchdown pass to Keith Pugh in the second period and scored on a 1-yard plunge, giving Alabama a 14-3 halftime lead before the Crimson Tide gave the ball away four times in the third quarter, three in its own territory.

However, Auburn managed only 10 points out of those gifts on Jorge Portela's 39-yard

field goal and Charlie Trotman's screen pass to Joe Cribbs, a 36-yard play with eight seconds left in the period. Trotman's 11-yard pass to Mark Robbins early in the final quarter put Auburn ahead 18-17 and set up Shealy's come-from-behind heroics.

# Carroll Children Use Fifth Amendment Before Jury

FRANKFORT, Ky. (AP) — A Frankfort newspaper has said that it has learned that Gov. Julian Carroll's oldest son and daughter invoked Fifth Amendment rights against possible self-incrimination when they appeared before a special federal grand jury last October in Lexington.

In its Sunday editions, The State Journal reported that Kenneth Carroll, 24, and Iva Patrice Carroll, 23, each refused to testify on a matter concerning family finances.

The newspaper said that the two are among as many as 12 other witnesses, including former cabinet secretary James Gray, who have invoked their constitutional rights in actions that do not necessarily imply wrongdoing.

A spokesman for the governor declined to confirm

or deny the report, according to The State Journal, which added that neither of the Carroll children could be reached for comment.

Gray, who lives in Frankfort, also could not be reached for comment, the newspaper said.

The Carroll children reportedly refused to answer grand jury questions about a controversial "investment" in Illinois restaurant property.

The newspaper said that this appears to conflict with the governor's repeated pledge to cooperate fully with the current federal investigation of alleged corruption in state government.

Questions have been raised about money purportedly going to Carroll's daughter for what the governor called the investment in the Illinois establishment, and Carroll

has decried the subpoenas for his children to appear "for no cause at all" before the grand jury.

Gray reportedly was subpoenaed in connection with his ownership of an obscure Lexington corporation, Seton Investments Inc., that has received a share of commissions on state insurance contracts, according to published reports.

Neil Armstrong became the first man to set foot on the moon in 1969. Twenty minutes after Armstrong stepped out, Edwin Aldrin followed him. As an estimated 528 million persons watched on television, the two Apollo II astronauts maneuvered in the one-sixth gravity environment and conducted experiments. They also planted a stainless steel plaque that read: "Here men from Planet Earth first set foot upon the moon, July, 1969 A.D. We came in peace for all mankind."

## THE ACES<sup>®</sup> IRA G. CORN, JR.

"It is always with the best intentions that the worst work is done" — Oscar Wilde

Declarer lost today's icy slam with the best of intentions. He played hurriedly to rid himself of an obvious loser. Unfortunately, he failed to slow down the pace when it was time to tackle the trump suit.

Declarer won his club ace and quickly led his king of hearts. Anxious to discard his jack of clubs, he overtook the heart in dummy and played dummy's heart queen, discarding the club.

With that hurdle crossed, declarer could now play trumps. He led a trump to his ace and, when West discarded, declarer realized he had made a silly play. East was now due two trump tricks and the slam was down one.

Declarer's sequence of plays was inconsistent. It was reasonable to first overtake the heart king to discard the losing club. However, if he had made up his mind about how to play the spades, he might as well have played the spade ace before he played the hearts.

The truth is that South relaxed a bit after discarding the jack of clubs and he didn't give the trump suit the attention it deserved. Had the trumps split 2-1 or had West held all three trumps, declarer's poor play would probably have gone unnoticed. As the cards actually were, it was difficult to overlook the loss of a vulnerable slam.

To make the slam, declarer executes a simple safety play. When a low trump is led from dummy, declarer covers whatever card East plays. If trumps are 2-1, the play loses an unnecessary trick to the singleton king

## Kennedy Feels US Interest Lies With Iranian People

SAN FRANCISCO (AP) — Sen. Edward M. Kennedy says the 37-year reign of the deposed Shah of Iran was "one of the most violent regimes in the history of mankind" and contends the interests of the United States lie "with the Iranian people."

The Massachusetts Democrat, vying with President Carter for his party's 1980 presidential nomination, did not criticize administration handling of the 4-week-old hostage crisis in an interview Sunday with San Francisco television station KRON-TV.

Instead, Kennedy zeroed in on long-time U.S. foreign policy, saying Americans dealing with that policy "have to get their acts together."

"The shah had the reins of power and ran one of the most violent regimes in the history of mankind — in the form of terrorism and the basic and fundamental violations of human rights, in the most cruel circumstances, to his own people," he said.

With that in mind, Kennedy said, "how do we justify... on the one hand accepting that individual because he would like to come here and stay here with his unpepented billions of dollars that he's stolen from Iran and, at the same time, say to Hispanics who are here legally that they have to wait nine years to bring their wife and their children to this country."

## At Least Two Killed In Weekend Traffic Accidents

By The Associated Press

At least two persons were killed in weekend traffic accidents on Kentucky highways, according to state police reports. The deaths raised the 1979 traffic fatality toll to 807, compared with 817 through this date last year.

William Ray Cundiff, 18, of Shepherdsville, was killed Saturday when he was thrown from a car in which he was a passenger. The accident occurred along South Park Road in Jefferson County.

State police said Virgil M. Godby, 81, of rural Liberty, died in a two-vehicle crash Saturday at the intersection of U.S. 127 and Kentucky 70.

The accident occurred at the city limits of Liberty in Casey County.

Transjordan, now Jordan, won independence in 1923.

### 3. Card of Thanks

We cannot begin to express our heartfelt thanks and gratitude for the kind deeds shown at our time of sorrow on the loss of our loved one, Leo Rand.

To our friends, neighbors, the nurses at Murray Calloway County Hospital, Dr. S. Howard and Quentermoss, the Rev. John Dale, and J.H. Funeral Home, we say thank you for your loving care, words of sympathy, the food, and flowers. May God richly bless each of you.

Wife, Clara Rand, daughter, Juanita Marvin Grandsons, Jacques Rick, Larry Marvin and families.

### 4. In Memory

In loving memory of James Loyd Carson, who passed away December 2, 1978.

It has now been a year since you've been gone. The days and the nights have been so long, there's nothing we can do, nothing we can say, and nothing will take this lonely feeling away.

It's still hard to realize that your really gone and it's so lonesome when we go home. We think about you often and can see your face so clear and seems we can still hear your voice although it's been a year.

We carry a picture of you in our mind and papa it's there all the time. We'll never get over the loss of you and at times we're so blue and if there be sunshine or rain our life will never be the same.

We can't understand all the sad things that have to be, but God in Heaven knows the answer, and we know he holds the key. In all we think or say or do there's an emptiness no one could fill but you.

Your always so near though we can't see or touch, papa we love you and miss you so much! Ola and Children

### Hale Furniture Hit With \$100,000 In Damages After Fire

MADISONVILLE, Ky. (AP) — Fire swept through Hale Furniture in downtown Madisonville today and the owner, Charlie Rogers, said the damage would exceed \$100,000.

Rogers said the fire started about 8 a.m., after he heard "a popping sound" in the store, on Main Street across from the Post Office.

Everyone in the store escaped without injury, including Rogers and two employees. About 30 Madisonville firefighters battled the blaze.

George Pearce, owner of Sports World next door, received help in carrying out his merchandise, and it appeared the effects on his building would be limited to smoke damage. On the other side of the furniture store is a parking lot.

A two-block section of Main Street was cordoned off. Rogers said the fire was prevented from spreading to a furniture warehouse at the rear of his store.

It was the second major fire recently in downtown Madisonville. A shoe and clothing store — Jere's Warehouse — was gutted by fire the night before Thanksgiving.
